ABOUT THE AWARDS NIGHT

The CaGBC Ontario Awards Night gala brings together more than 250 industry leaders and supporters in Toronto. The Green Building Excellence Awards recognize outstanding new projects and programs in Ontario which go above and beyond the normal scope of sustainable best practices. The Leadership Awards distinguish individuals that are advancing the green building industry in Ontario through innovation at the corporate, academic, and government levels. 2018 marks the gala’s ninth year!

NEW THIS YEAR

- MC & Keynote Eric Corey Freed (right), Sustainability Disrupter at Morrison Hershfield, and internally-renowned thought-leader on sustainability and innovative urban design. We are very excited to have Mr. Freed’s bold ideas and quick wit featured at the gala.

- The Awards are now Ontario-wide! The 2018 Awards Night is co-hosted by CaGBC Ottawa Chapter, and award nominations are now open to projects, programs, and individuals across the Province.

- Four new leadership awards that celebrate emerging and established individuals from industry, government, and academia.

- Chapter Award winners are now entered as finalists at CaGBC’s Green Building Excellence and Leadership Awards, to be presented in Vancouver next spring.
